10 ECOLOGICAL RIGHTS FOUNDATION

11 UNITED STATES DISTRICT COURT  
12 CENTRAL DISTRICT OF CALIFORNIA

13 ECOLOGICAL RIGHTS FOUNDATION,

14 Plaintiff,

15 v.

16 BUELLFLAT ROCK COMPANY, INC.,

17 Defendant.

Civil Case No.  
2:15-CV-04693-CAS-PJW

**~~PROPOSED~~ CONSENT  
DECREE**

(Federal Water Pollution Control  
Act, 33 U.S.C. §§ 1251 et. seq.)

1       **WHEREAS**, Plaintiff Ecological Rights Foundation (“ERF”) is a non-profit  
2 public benefit corporation dedicated to the preservation, protection, and restoration  
3 of the environment, the wildlife and the natural resources of all waters of  
4 California, including the Santa Ynez River;

5       **WHEREAS**, Plaintiff alleges that Defendant Buellflat Rock Company, Inc.,  
6 is the owner and/or operator of the Buellflat Rock Facility in Solvang, California  
7 (hereinafter “the Facility”) and has caused pollutants to be discharged to waters of  
8 the United States from the Facility;

9       **WHEREAS**, Defendant avers that Buellflat is the owner and operator of the  
10 Facility, and is responsible for compliance with the requirements of the Clean  
11 Water Act;

12       **WHEREAS**, Defendant’s operations involve bulk aggregate storage,  
13 offloading, and sales activities;

14       **WHEREAS**, storm water can flow off-site from the Facility at one main  
15 discharge point which discharges into the Santa Ynez River;

16       **WHEREAS**, Plaintiff alleges that discharges from the Facility are regulated  
17 by the National Pollutant Discharge Elimination System (“NPDES”) General  
18 Permit NO CAS000001 [State Water Resources Control Board] Water Quality  
19 Order No. 92-12-DWQ, as amended by Order No. 97-03-DWQ (“Storm Water  
20 Permit”) and the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251 *et seq.*  
21 (“Clean Water Act” or “CWA”);

22       **WHEREAS**, Plaintiff alleges that a new CWA General Permit for industrial  
23 activity was adopted April 1, 2014 pursuant to State Water Resources Control  
24 Board Water Quality Order No. 14-57-DWQ, effective July 1, 2015 (“2015  
25 General Permit”) which supersedes Order 97-03-DWQ except for Order 97-03-  
26 DWQ’s requirement to submit annual reports by July 1, 2015 and except for  
27 enforcement purposes.

28     ///

1       **WHEREAS**, Plaintiff alleges that on April 18, 2015, ERF provided notice  
2 of alleged violations of the CWA by Defendant Buellflat and of ERF's intention to  
3 file suit against Buellflat to the Administrator of the United States Environmental  
4 Protection Agency ("EPA"); the Regional Administrator of EPA Region IX; the  
5 Executive Director of the California State Water Resources Control Board ("State  
6 Board"); the Executive Officer of the California Regional Water Quality Control  
7 Board, Region 3 ("Regional Board"); the U.S. Attorney General, and the  
8 Defendants ("Notice Letter") as required by the CWA, 33 U.S.C. § 1365(b)(1)(A);

9       **WHEREAS**, on June 19, 2015, Plaintiff filed a complaint against Buellflat,  
10 in the United States District Court, Central District of California (Case No. 2:15-  
11 cv-04693-CAS-PJW) alleging ongoing violations of the CWA (hereinafter  
12 "Complaint");

13       **WHEREAS**, Buellflat denies all allegations in the Notice Letter and  
14 Complaint, and maintains that its operations are and at all times relevant were in  
15 compliance with the requirements of applicable law, including the CWA and the  
16 Storm Water Permit;

17       **WHEREAS**, this Consent Decree shall be submitted to the EPA and United  
18 States Department of Justice ("DOJ") for the statutory review period pursuant to  
19 33 U.S.C. §1365(c) and 40 C.F.R. § 135.5;

20       **WHEREAS**, Plaintiff and Defendant have agreed that it is in the Parties'  
21 mutual interest to enter into a Consent Decree setting forth terms and conditions  
22 appropriate to resolving the allegations set forth in the Complaint without further  
23 proceedings and without any admission of liability on the part of the Defendant;  
24 and

25       **WHEREAS**, all actions taken by Defendant pursuant to this Consent  
26 Decree shall be made in compliance with all applicable Federal and State laws and  
27 local rules and regulations.

28       ///

1 **NOW THEREFORE IT IS HEREBY STIPULATED BETWEEN THE**  
2 **PARTIES AND ORDERED AND DECREED BY THE COURT AS**  
3 **FOLLOWS:**

4 **I. GENERAL OBJECTIVES**

5 1. The objectives of this Consent Decree are:

- 6 a. To ensure that Buellflat continues to improve its efforts to comply with  
7 the CWA;  
8 b. To ensure that Buellflat continues to use, implement, and improve ways,  
9 means, and methods to prevent or reduce the discharge of pollutants in  
10 storm water runoff from the Facility to the Santa Ynez River; and  
11 c. To further the goals and objectives of the CWA.

12 2. Unless otherwise expressly defined herein, terms used in this Consent  
13 Decree which are defined in the CWA or in regulations or rules promulgated under  
14 the CWA have the meaning assigned to them in the statutes or regulations or rules.  
15 Whenever terms listed below are used in this Consent Decree, the following  
16 definitions apply:

17 "Consent Decree" means this Consent Decree and any attachments or  
18 documents incorporated by reference.

19 "Day" means a calendar day. In computing any period of time under this  
20 Consent Decree, where the last day of such period is a Saturday, Sunday, or Federal  
21 or State Holiday, the period runs until the close of business on the next day that is  
22 not a Saturday, Sunday, or Federal or State Holiday.

23 "Design Storm" means the volume of runoff produced from an 85th  
24 percentile 24-hour storm event, as determined from local, historical rainfall records.

25 "Dry Season" means the five-month period beginning May 1<sup>st</sup> of any given  
26 year and ending September 30<sup>th</sup> of the same year.

27 "Effective Date" means the effective date of this Consent Decree, which  
28 shall be the date the Clerk of the Court gives notice of entry of the Court's order

1 hereon.

2 “Wet Season” means the seven-month period beginning October 1<sup>st</sup> of any  
3 given year and ending April 30th of the following year.

## 4 **II. JURISDICTION AND VENUE**

5 3. This Court has jurisdiction over the subject matter of the claims asserted by  
6 Plaintiff pursuant to CWA section 505(a), 33 U.S.C. § 1365(a), 28 U.S.C. §§ 1331,  
7 1355, and 1367. Venue is proper in this judicial district pursuant to section CWA  
8 §§ 309(b), 505(c), 33 U.S.C. §§ 1319(b), 1365(c), and 28 U.S.C. §§ 1391(b) and  
9 (c). The parties waive any and all objections that they may have to the Court’s  
10 jurisdiction to enter and enforce this Consent Decree.

11 4. Plaintiff has standing to bring this action.

12 5. (Intentionally omitted).

## 13 **III. EFFECT OF CONSENT DECREE/RELEASE OF CLAIMS**

14 6. Plaintiff does not, by its consent to this Consent Decree, warrant or aver in  
15 any manner that Buellflat’s compliance with this Consent Decree will constitute or  
16 result in compliance with any federal or state law or regulation.

17 7. This Consent Decree is neither a permit nor a modification of existing  
18 permits under any federal, state, or local law and in no way relieves Buellflat of its  
19 responsibilities to comply with all applicable federal, state and local laws and  
20 regulations.

21 8. Compliance with this Consent Decree, including all monetary payments due  
22 under this Consent Decree (including but not limited to the payment of any  
23 stipulated payments) and the completion of all remedial measures required  
24 pursuant to this Consent Decree resolves all of Plaintiff’s claims for the violations  
25 alleged or that could have been alleged against Buellflat in this Action.

26 9. Plaintiff’s Release: Upon the Effective Date of this Consent Decree,  
27 Plaintiff, on its own behalf and on behalf of any and all of its current and former  
28 parents, subsidiaries and affiliates and each of their officers, directors, shareholders

1 and members, and each of their successors and assigns, agents, attorneys and other  
 2 representatives ("Plaintiff Releasors"), hereby release Buellflat, and any and all of  
 3 its current and former parents, subsidiaries and affiliates, officers, directors,  
 4 shareholders, employees, agents, attorneys and other representatives, successors  
 5 and assigns (collectively "Releasees") from any and all CWA violations, known or  
 6 unknown, alleged in or that could have been alleged in the Complaint up to and  
 7 including the Effective Date of this Consent Decree. Except for claims for  
 8 Buellflat's failure to comply with this Consent Decree, Plaintiff Releasors further  
 9 release Releasees from any and all claims of every kind and nature pertaining to  
 10 alleged violations of the CWA that may occur due to discharges of storm water  
 11 from the Facility between the Effective Date and the termination of this Consent  
 12 Decree.

13 The foregoing release includes claims, both known and unknown. Plaintiff  
 14 Releasors **hereby waive** the provisions of Cal. Civil Code section 1542, which  
 15 provides as follows:

16 "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS  
 17 WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO  
 18 EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING  
 19 THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST  
 20 HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT  
 21 WITH THE DEBTOR."

22 10. Defendant's Release: Upon the Effective Date of this Consent Decree,  
 23 Defendant, on its own behalf and on behalf of its current and former officers,  
 24 directors, employees, members, and each of their successors and assigns, and their  
 25 agents, attorneys, and other representatives releases Plaintiff (and its current and  
 26 former officers, directors, employees, members, parents, subsidiaries, and  
 27 affiliates, and each of their successors and assigns, and its agents, attorneys, and  
 28 other representatives) from, and waives all claims which arise from or pertain to

1 this action, including all claims for fees (including fees of attorneys, experts, and  
2 others), costs, expenses or any other sum incurred or claimed or which could have  
3 been claimed for matters associated with or related to Plaintiff's Notice Letter and  
4 Complaint up to the Effective Date.

#### 5 **IV. APPLICABILITY**

6 11. The provisions of this Consent Decree apply to and bind Plaintiff and  
7 Buellflat (collectively, "Parties"), including any successors or assigns. The Parties  
8 certify that their undersigned representatives are fully authorized to enter into this  
9 Consent Decree, to execute it on behalf of the Parties, and to legally bind the  
10 Parties to its terms.

11 12. The Parties agree to be bound by this Consent Decree and not to  
12 contest its validity in any subsequent proceeding to implement or enforce its terms.  
13 By entering into this Consent Decree, Buellflat does not admit liability for any  
14 purpose as to any allegation or matter contained in or arising out of the Action.  
15 Nothing in this Consent Decree shall constitute an admission of any fact or a  
16 waiver of any right or defense unless specifically set forth herein.

17 13. No change in ownership or corporate or other legal status of Buellflat  
18 or any transfer of Buellflat's assets or liabilities shall in any way alter the  
19 responsibilities of Buellflat or any of its successors or assigns thereof, under this  
20 Consent Decree. In any action to enforce this Consent Decree, Buellflat shall not  
21 raise as a defense the failure by any of its agents, servants, contractors, employees,  
22 successors or assigns to take actions necessary to comply with this Consent  
23 Decree, unless such actions were prevented by a force majeure.

24 14. Except as otherwise provided in this Consent Decree, the sale or  
25 transfer of ownership or operation of any portion of the Facility real property does  
26 not relieve Buellflat of its obligations under this Consent Decree. Not later than  
27 thirty (30) days prior to sale or transfer of ownership or operation of any portion of  
28 the Facility real property prior to the termination of the Consent Decree, Buellflat

1 shall give written notice of this Consent Decree to each purchaser or successor in  
2 interest. Buellflat also shall give written notification to Plaintiff, in accordance  
3 with paragraph XXII (NOTICES AND SUBMISSIONS), of the anticipated sale or  
4 transfer of ownership or operation of any portion of the Facility real property prior  
5 to said termination at least thirty (30) days prior to the scheduled date of such sale  
6 or transfer and may seek from the Court a modification of this Decree that would  
7 transfer responsibility for compliance with some or all of these provisions to its  
8 successor. The Court shall grant such request if the successor acknowledges that it  
9 is ready, willing and able to fully implement obligations the successor would  
10 assume under this Consent Decree.

## 11 **V. REMEDIAL MEASURES**

### 12 **A. Storm Water Pollution Control Measures**

13 15. In addition to maintaining the current BMPs at the Facility, Buellflat  
14 shall develop and implement the BMPs identified herein, as well as any other  
15 BMPs necessary to comply with the provisions of this Consent Decree and the  
16 Storm Water Permit. Specifically, Buellflat shall develop and implement BMPs to  
17 prevent and/or to reduce contamination in storm water discharged from the Facility  
18 to the Santa Ynez River sufficient to reduce the levels of pollutants in such storm  
19 water discharges below the Tier Two Levels in Table 1 attached as Exhibit 1 to this  
20 Consent Decree and to make reasonable progress towards reducing the levels of  
21 pollutants in such storm water discharges below the Tier One Levels in Table 1.

### 22 **B. Reduction of Pollutants in Discharges**

23 16. Action Plan for Table 1 Exceedances: If any storm water sample contains  
24 a level of contaminant discharged from the Facility to the Santa Ynez River above  
25 any of the Tier Two Levels or the Tier One Levels for copper or lead as set forth in  
26 Table 1, Buellflat shall submit a plan for reducing and/or eliminating such discharge  
27 of pollutants ("Action Plan"). In any year that an Action Plan is required, Buellflat  
28 shall submit it to the Plaintiff by July 1 following the Wet Season for which

1 exceedance was reported.

2 17. Action Plan Requirements: Each Action Plan submitted shall include at a  
3 minimum: (1) the identification of the contaminant(s) discharged from the Facility to  
4 the Santa Ynez River in excess of the Tier One or Two Level(s), (2) identification of  
5 the source of each contaminant exceedance, (3) the consideration of additional  
6 BMPs, including treating storm water prior to discharge from the Facility to the  
7 Santa Ynez River, that will be implemented in an effort to achieve compliance with  
8 the Tier One or Two Levels, and (4) time schedules for implementation of the  
9 proposed BMPs. The time schedule(s) for implementation shall ensure that all BMPs  
10 are implemented as soon as possible, but in no case later than October 1 (prior to the  
11 next Wet Season). Where applicable:

- 12 a. Hydraulic Controls: installation of additional berms or equivalent  
13 structural controls (if necessary to reduce or prevent storm water from  
14 flowing into or, other than through the engineered storm water  
15 conveyance system or storm water retention or treatment facilities).
- 16 b. Detention: Additional on-site retention or infiltration of storm water to  
17 minimize storm water discharges (overall or from specific areas) from  
18 the Facility to the Santa Ynez River or to detain storm water runoff  
19 for sufficient detention time so as to reduce pollutants in such  
20 discharge.
- 21 c. Visual "Track Off" To Public Streets: additional BMPs if necessary,  
22 to reduce or prevent visual "track off" of material from the Facilities  
23 onto public streets.
- 24 d. Evaluation of BMPs: replacing, rehabilitating, or eliminating existing  
25 BMPs, taking into account the age of the BMPs involved or  
26 employed, the engineering aspect of the application of various BMPs,  
27 and any adverse environmental impact of the BMPs.
- 28

1 e. Such other additional BMPs as Buellflat deems appropriate for  
2 evaluation.

3 18. Action Plan Review: Plaintiff shall have thirty (30) days upon receipt of  
4 Buellflat's Action Plan to provide Buellflat with comments. If Buellflat does not  
5 receive any such comments within the 30 day period, the Action Plan shall be  
6 deemed approved as submitted. Within fifteen (15) days of Buellflat's receipt of  
7 Plaintiff's comments on the Action Plan, Buellflat shall accept and incorporate  
8 Plaintiff's comments of recommended additional BMPs into the Action Plan, or  
9 shall provide Plaintiff with a written explanation if Buellflat refuses to develop  
10 and/or implement any of Plaintiff's recommended additional BMPs. Disputes  
11 regarding the adequacy of a particular BMP shall not impact the schedule for  
12 implementing any other BMP set forth in the Action Plan. Any disputes as to the  
13 adequacy of the Action Plan shall be resolved pursuant to the Dispute Resolution  
14 provisions of Part XI (DISPUTE RESOLUTION).

15 19. Buellflat shall contact Plaintiff to request an extension of the deadline, if  
16 necessary, to implement any BMPs requiring agency approval. Plaintiff's consent to  
17 Buellflat's requested extension shall not be unreasonably withheld.

18 20. When an Action Plan is completed and approved, or deemed approved,  
19 by Plaintiff or finalized pursuant to Dispute Resolution, Buellflat shall revise its  
20 SWPPP and Monitoring Implementation Plan ("MIP"), as applicable, within thirty  
21 (30) days to reflect the changes required by the Action Plan. Buellflat shall notify  
22 Plaintiff in writing when the Action Plan has been completely implemented.  
23 Defendant shall implement any Action Plan approved pursuant to this paragraph as a  
24 requirement of the Consent Decree.

25 **C. Site Mapping**

26 21. Site Mapping: Within sixty (60) days of the Effective Date, Buellflat  
27 shall update the Site Maps for its SWPPP. The Site Maps shall clearly identify the  
28 property boundaries, ground type (pervious or impervious) on all portions of the

Facility; berms, dikes, walls and all other structures controlling the flow of surface water, all components of the Facility storm water conveyance system, including but not limited to all storm water pipes, drop inlets, any storm water storage or treatment infrastructure (as well is the capacity of such infrastructure) and all other physical structures or items relevant under this Consent Decree. The Site Map shall further indicate the direction and pattern of storm water flows at and off the Facility.

22. Designated Discharge Points: Within sixty (60) days of the Effective Date, to the extent not already implemented, Buellflat shall identify on the Site Maps every location at which storm water and non-storm water is known to be discharged or which may potentially be discharged from the Facility to the Santa Ynez River, including all driveways ("Designated Discharge Points or Designated Discharge Locations"). Each Designated Discharge Point or Discharge Location shall be numbered and clearly labeled on the Site Map(s).

23. Designation of Storage Areas: The outdoor storage areas at the Facility where materials used at the Facility are stored ("Material Storage Areas") shall be designated on the Facility's Site Map.

24. Pollutant Generating Activities: The SWPPP for the Facility shall fully describe all industrial activities that generate dust, particulates or other pollutants that may be deposited within the Facility's boundaries and identify their discharge locations and the characteristics of such dust, particulate and other pollutants; and a description of the primary areas of the Facility where dust, particulate and other pollutants would settle.

25. Designation of Sampling Location(s): The Site Map shall set identify precisely where storm water samples are to be collected.

## **VI. SAMPLING, MONITORING, INSPECTION & REPORTING**

### **A. Sampling Program**

26. Buellflat shall collect storm water discharge samples from each Discharge Point at the Facility according to the following sampling schedule:

- a. If Buellflat continues to discharge storm water at Sample Point 1, it shall sample that discharge at the bottom of the former river access road where the discharge enters the river bed.
- b. During the first and second year of this Consent Decree, and except as set forth below in this paragraph, Buellflat shall collect five storm water samples per year from each Discharge Point at the Facility. If three consecutive samples from each of the Discharge Points results in pollutant levels below the Tier One levels set forth in Table 1 for any parameter sampled, Buellflat need not conduct additional sampling for such parameter if the Storm Water Permit does not otherwise require Buellflat to sample for that parameter.
- c. During the third year of this Consent Decree, Buellflat shall collect four storm water samples from each Discharge Point at the Facility.
- d. Buellflat shall analyze each storm water sample collected for each of the parameters listed on the Table 1. Should operations in the Industrial Activity Areas change substantially, Buellflat shall conduct sampling for any additional toxic priority pollutants listed in 40 C.F.R. § 131.38 likely to be present in Buellflat's storm water discharges as a result of the changed operations.
- e. Where Buellflat discharges storm water into a storm drain inlet or catch basin, Buellflat may choose to collect a sample below any insert or treatment system. If Buellflat chooses not to collect a post-filtration or post-treatment sample, the quality of storm water samples entering a storm drain inlet or catch basin containing a fabric insert shall be considered the same as a sample collected below the insert.

27. Sampling events shall occur at least 24 hours apart and be preceded by at least 48 hours without storm water discharges.

28. If Buellflat does not collect the required number of samples from the

1 designated sampling locations due to lack of discharge, Buellflat shall explain in  
2 their Annual Report or any Action Plan required by this Consent Decree why rainfall  
3 was insufficient for Buellflat to obtain the requisite samples.

4 29. Buellflat shall have all storm water samples collected pursuant to this  
5 Consent Decree delivered to a California state certified environmental laboratory for  
6 analysis within the time needed for analysis within laboratory method allowable  
7 hold times, with the exception of pH. Buellflat shall direct the laboratory to conduct  
8 analysis sufficient to detect individual constituents at or below the Tier One Levels  
9 set forth in the attached Table 1.

10 30. Buellflat shall provide to Plaintiff complete results from Buellflat's sampling  
11 and analysis of storm water discharges to Plaintiff within fourteen (14) days of  
12 receipt of the laboratory report from each sampling event. Each time Buellflat  
13 receives sampling results, Buellflat shall provide Plaintiff with a chart in digital or  
14 hardcopy form that summarizes the results of all the samples and includes the Tier  
15 One and Tier Two Levels for comparison. The summary chart shall consistently  
16 present the sample summaries in micrograms per liter for all of the parameters for  
17 which concentration values are provided.

18 31 No storm water discharge samples shall be required under this paragraph VI  
19 unless Buellflat is discharging to the Santa Ynez River.

20 **B. Visual Observations**

21 32. Wet Weather Visual Observations: During the life of this Consent  
22 Decree, Buellflat shall conduct visual observations at any and all Designated  
23 Discharge Locations during every rain event that produces a discharge from the  
24 Facility to the Santa Ynez River. In addition, Buellflat shall observe all potential  
25 discharge locations on the perimeter of the Facility to determine if discharge of  
26 storm water is occurring.

27 33. During such wet weather visual observations, appropriately trained  
28 Buellflat employees shall monitor for the presence of discolored or turbid storm

1 water discharges. Buellflat shall take representative photographs of storm water  
2 discharges from the Facility to the Santa Ynez River during all observed rain events,  
3 including photographs of any discolored or turbid storm water discharges. Buellflat  
4 shall include these photographs in annual reports provided to Plaintiff in accordance  
5 with paragraph 38.

6 34. Dry Weather Visual Observations: At least once per month during the  
7 Wet Season, appropriately trained Buellflat employees shall conduct dry weather  
8 visual inspections of the Facility. Such inspections shall include driveways, outdoor  
9 storage areas, and all Industrial Activity Areas. Any and all Designated Discharge  
10 Locations shall also be inspected for accumulation of dust, sediment, sand, grit, oily  
11 substances, oily sheens upon any standing water, and other materials associated with  
12 operations at the Facility. Such inspections shall further include observations of all  
13 storm water BMPs at the Facility to ensure that operational BMPs are being  
14 implemented, structural BMPs are in good condition or working order, and that  
15 BMPs have been effective in producing clean conditions at the Facility.

16 35. During such dry weather visual inspections, appropriately trained  
17 employees shall photo document their visual observations of the status of BMPs.  
18 Buellflat shall include these photographs in annual reports provided to Plaintiff in  
19 accordance with paragraph 38.

### 20 **C. Compliance Monitoring**

21 36. Site Inspections: Plaintiff and its representatives may conduct one site  
22 inspection per year at the Buellflat Facility during the life of this Consent Decree.  
23 The site inspections shall occur during normal business hours and Plaintiff shall  
24 provide Buellflat with at least forty-eight (48) hours advance notice.

25 37. During the site inspections, Plaintiff and/or its representatives shall be  
26 allowed access to the Facility's SWPPP, MIP, and other storm water monitoring  
27 records, reports, and sampling data for the Buellflat Facility. During the site  
28 inspections, Plaintiff and/or its representatives may collect samples of any

1 discharges from the Facility to the Santa Ynez River. A certified California  
2 laboratory shall analyze storm water samples collected by Plaintiff and copies of the  
3 lab reports shall be provided to Buellflat within five (5) business days of receipt. At  
4 the request of Buellflat, the samples shall be split and one half provided to Buellflat  
5 so as to allow Buellflat to have their own certified California laboratory analyze the  
6 samples, in which case Buellflat shall provide the laboratory results to Plaintiff  
7 within five (5) business days of receipt.

8 **D. Reporting**

9 38. During the life of this Consent Decree, Buellflat shall provide Plaintiff  
10 with a copy of all documents pertaining to the General Permit submitted to or  
11 received from the Regional Board or the State Board concerning the Facility,  
12 including all documents and reports submitted to the Regional Board as required by  
13 the General Permit. Documents and reports sent by Buellflat to the Regional Board  
14 or State Board shall be electronically mailed to Plaintiff contemporaneously with  
15 submission to the respective agency. Documents received by Buellflat from the  
16 Regional Board and/or the State Board shall be electronically mailed to Plaintiff  
17 within three (3) business days of receipt. No documents available in "SMARTS"  
18 need be submitted.

19 39. **End of Season Summary.** For each year that this consent decree is in  
20 effect, Buellflat shall provide Plaintiff with a summary table of any and all storm  
21 water sample test results for the Facility, photographs documenting visual  
22 inspections at the Facility available to Buellflat, and cleaning, maintenance, and  
23 inspection logs prepared pursuant to paragraph 42. In the event that no Action Plan  
24 is required in any given year the consent decree is in effect, the end of season  
25 summary shall also include: (1) an explanation of whether Buellflat has  
26 implemented or will implement new BMPs not already discussed in a prior  
27 summary report or Action Plan, and (2) an evaluation of the effectiveness of any  
28 new BMPs implemented in the prior year, and (3) documentation as to any other

1 measures taken by Buellflat to comply with the Decree or Stormwater General  
2 Permit.

### 3 **VII. EMPLOYEE TRAINING**

4 40. Within thirty (30) days of the Effective Date, Buellflat shall develop and  
5 implement a training program for non-office personnel, including any training  
6 materials needed for effective implementation of the training program, to ensure (1)  
7 that there are a sufficient number of employees delegated to achieve compliance  
8 with the Storm Water Permit and this Consent Decree, and (2) that these employees  
9 are properly trained to perform the required compliance activities ("Training  
10 Program"). At a minimum the Training Program shall familiarize all such employees  
11 at the Facility with the appropriate requirements of the Storm Water Permit and this  
12 Consent Decree.

13 41. The Training Program shall require specific training to include at least  
14 the following:

- 15 a. Non-Storm Water Discharge Training: Buellflat shall train all such  
16 employees on the Storm Water Permit's prohibition of non-storm water  
17 discharges, so that employees know what non-storm water discharges  
18 are, and how to detect them and prevent them;
- 19 b. BMP Training: Buellflat shall train all such employees on BMP  
20 implementation and maintenance to ensure that BMPs are implemented  
21 effectively to prevent the exposure of pollutants to storm water, to  
22 prevent the discharge of contaminated storm water from the Facility to  
23 the Santa Ynez River, and to ensure the proper management of storm  
24 water at the Facility;
- 25 c. Sampling Training: Buellflat shall designate an adequate number of  
26 employees necessary to collect storm water samples from each discharge  
27 location if and as required by this Consent Decree and/or the Storm  
28 Water Permit. The training shall include the proper sampling protocols,

including chain of custody requirements, to ensure storm water samples are properly collected, stored, and submitted to a certified laboratory;

- d. Visual Observation Training: Buellflat shall provide training to all individuals performing visual observations at the Facility pursuant to this Consent Decree and/or the Storm Water Permit.

42. Training shall be provided on an annual basis, or as otherwise required to ensure compliance with the terms of this Consent Decree, by a private consultant or a representative of Buellflat who is familiar with the requirements of this Consent Decree and the Storm Water Permit. The training shall be repeated as necessary to ensure that all such employees are familiar with the requirements of this Consent Decree, the Storm Water Permit, and the Facility's SWPPP and MIP. All new staff will receive this training before assuming responsibilities for implementing the SWPPP and/or MIP.

43. Buellflat shall maintain training records to document compliance with this section, and shall provide Plaintiff with a copy of these records within fourteen (14) days of receipt of a written request. The Training Program shall be specified in the SWPPP.

## **VIII. STORM WATER POLLUTION PREVENTION AND MONITORING AND REPORTING PLAN**

44. Within forty-five (45) days after the Effective Date of this Consent Decree, Buellflat shall revise its SWPPP and MIP to:

- a. Incorporate the requirements of the Storm Water Permit, and this Consent Decree
- b. Identify the individuals responsible for compliance with the Storm Water Permit and this Consent Decree including specifying which individual is responsible for what area of compliance (*e.g.*, John Doe, collecting samples);
- c. Describe all BMPs and how they will be operated and/or maintained;

- d. Denote all actions taken to control the deposition of dust, particulate matter and other pollutants at the Facility;
- e. Describe where and when any storm samples are to be collected and explain why the sample points are representative of off-site discharge from the Facility to the Santa Ynez River, and include a checklist that must be used by trained Facility personnel when conducting the storm water sampling required under the Storm Water Permit and/or under this Consent Decree;
- f. Describe where and when visual inspections of the Facility are to be performed and include a visual inspection checklist that must be used by trained Facility personnel when conducting the visual observations required under the Storm Water Permit and/or under this Consent Decree; and
- g. Describe the type, direction, and volume of vehicle traffic at the Facility.

45. Commenting on the SWPPP and MIP Revisions: Buellflat shall submit the revised SWPPP and MIP to Plaintiff for review and comment as soon as it is completed but in any event no later than forty-five (45) days after the Effective Date. Plaintiff shall provide comments, if any, to Buellflat within thirty (30) days of receipt of the SWPPP and MIP. If Buellflat does not receive any such comments within this 30 day period, the SWPPP and MIP shall be deemed approved as submitted. Buellflat shall incorporate Plaintiff's comments into the SWPPP and MIP or shall justify in writing why any comment is not incorporated within thirty (30) days of receiving Plaintiff's comments. Any disputes over the adequacy of the revised SWPPP and MIP shall be resolved pursuant to the Dispute Resolution provisions of Part XI (DISPUTE RESOLUTION).

46. Additional Revisions to SWPPP and MIP: Buellflat shall revise the SWPPP and MIP if there are any relevant changes in the Facility's operations, including but not limited to changes to storm water discharge point(s) or changes or

1 additions to the BMPs at the Facility resulting from an Action Plan. Buellflat shall  
2 submit any revised SWPPP and MIP to Plaintiff for review and comment within five  
3 (5) days of completion. Plaintiff shall provide comments, if any, to Buellflat within  
4 thirty (30) days of receipt of any revised SWPPP and MIP. Buellflat shall  
5 incorporate Plaintiff's comments into any revised SWPPP and MIP, or shall justify  
6 in writing why any comment is not incorporated within thirty (30) days of receiving  
7 comments. In the event no such comments are received, Buellflat's submittal shall  
8 be deemed approved. Any disputes as to the adequacy of the SWPPP and MIP shall  
9 be resolved pursuant to the Dispute Resolution provisions of Part XI (DISPUTE  
10 RESOLUTION).

#### 11 **IX. MITIGATION, FEES, AND COSTS**

12 47. Supplemental Environmental Project Funding: As mitigation of the  
13 violations alleged in Plaintiff's Notice and Complaint, Buellflat shall pay the sum of  
14 Sixteen Thousand Two Hundred Fifty Dollars (\$16,250) to the Rose Foundation for  
15 Communities and the Environment for projects relating to the reduction, prevention  
16 or mitigation of, or research on, the effects of discharges of pollutants to area  
17 receiving waters or projects designed to advance environmental restoration within  
18 the Santa Ynez River watershed. Within 30 days of the Effective Date, Buellflat  
19 shall tender this payment to the Rose Foundation for Communities and the  
20 Environment.

21 48. Reimbursement of Fees and Costs: Buellflat shall reimburse Plaintiff in  
22 the amount of \$45,000 to help defray Plaintiff's investigation fees and costs, expert  
23 fees and costs, reasonable attorneys' fees, and all other costs incurred as a result of  
24 investigating the activities at the Facility, bringing these matters to Buellflat's  
25 attention, and negotiating a resolution of this action in the public interest. Such  
26 payment shall be made in two installments of \$22,500 each. The first shall be paid  
27 within 10 days after the Effective Date; and the balance shall be within six months  
28 thereafter.

49. Compliance Monitoring Funds: Buellflat shall reimburse ERF Five Thousand Dollars (\$5,000) per year beginning 2016 for each year the Consent Decree is in effect for costs and fees associated with monitoring Buellflat's compliance with this Consent Decree. Monitoring activities include the authorized site inspection, review of water quality sampling reports, review of Action Plans and other documents submitted pursuant to this Decree, discussion or written communication with representatives of Buellflat concerning potential changes to compliance requirements, water quality sampling, informal dispute resolution, and other actions necessary to monitor and ensure Buellflat's compliance with this Decree. The compliance monitoring fund payment shall be made in installments of Five Thousand Dollars (\$5,000) each and shall be made payable to Environmental Advocates Attorney Client Trust Account. The first installment (for 2016) shall be paid within fifteen (15) days after the Effective Date, and the remaining installments shall be paid on or before January 1st of each of the following years, if any, that the Consent Decree is in effect.

#### **X. STIPULATED PAYMENTS**

50. For each wet season that the Consent Decree is in effect, Buellflat shall contribute to an additional Supplemental Environmental Project if any storm water discharges from the Facility to the Santa Ynez River exceed Tier Two pollutant levels four or more times during that wet season. Any storm water samples that Buellflat takes internally within the Facility (*i.e.*, storm water that has been tested prior to treatment or discharge for the purpose of identifying site specific areas of pollutant generation as part of designing remedial measures for the Facility) shall not be subject to the payment requirement of this paragraph. Buellflat shall pay the total sum of Two Thousand Dollars (\$2,000) to the Rose Foundation for Communities and the Environment by July 1st following the Wet Season that the exceedances occurred, and the additional Supplemental Environmental Project funding shall be used for projects relating to the reduction, prevention or mitigation of, or research

1 on, the effects of discharges of pollutants to area receiving waters or projects  
2 designed to advance environmental restoration within the Santa Ynez River  
3 watershed.

4 51. In the event Buellflat fails to submit to Plaintiff any document, report or  
5 other communication required under paragraphs 16, 30, 37, 38, or 45 of this  
6 Agreement within five (5) days of its due date, Buellflat shall pay a per day  
7 payment of Three Hundred Dollars (\$300) commencing on the eleventh (11<sup>th</sup>) day  
8 after the required submissions' due date.

9 52. In the event Buellflat fails to complete a measure of specific performance  
10 required by paragraphs 21-34 by the dates required or fails to implement the BMPs  
11 specified in any future Action Plans by the deadlines established in those Action  
12 Plans pursuant to paragraphs 17-20, Buellflat shall incur a late payment of Three  
13 Hundred Dollar (\$300) per day commencing on the eleventh (11<sup>th</sup>) day after the  
14 date by which the measure was to be completed or implemented.

15 53. If Buellflat fails to submit any payments required under paragraphs 47-49  
16 of this Consent Decree within five (5) days of its due date, Buellflat shall pay Three  
17 Hundred Dollars (\$300) per day until it tenders such overdue payments,  
18 commencing on the sixth (6<sup>th</sup>) day after the payment due date.

19 54. Any stipulated payments pursuant to this Section X shall be paid to the  
20 Rose Foundation for Communities and the Environment. Stipulated payments shall  
21 be used for projects relating to the reduction, prevention or mitigation of, or research  
22 on, the effects of discharges of pollutants within the Santa Ynez River watershed or  
23 projects designed to advance environmental restoration within the Santa Ynez River  
24 watershed. Buellflat shall send Plaintiff notice of any such stipulated payments  
25 within seven (7) days of tendering such payments. If a payment is subject to a  
26 Dispute Resolution Process under paragraph XI, it shall not be due until the  
27 resolution of that process. If it is determined through the Dispute Resolution Process  
28 that the payment is due, it shall be paid within fourteen (14) days of such

determination. Stipulated payments shall not continue to accrue, but shall be tolled during the pendency of the Dispute Resolution Process and said fourteen (14) day period.

#### **XI. DISPUTE RESOLUTION AND ENFORCEMENT OF CONSENT DECREE**

55. Dispute Resolution Process: If a dispute under this Consent Decree arises, or either Party believes that a breach of this Consent Decree has occurred, the Parties shall schedule a meet and confer within ten (10) calendar days of receiving written notification from the other Party of a request for a meeting to determine whether a breach has occurred, and in the case of an alleged violation, whether a violation has occurred and to develop a mutually agreed upon plan, including implementation dates, to resolve the violation. If the Parties fail to meet and confer or the meet and confer does not resolve the issue, after at least seven days have passed after the meet and confer occurred or should have occurred, either Party shall be entitled to all rights and remedies under the law, including bringing a motion before the District Court of California, Central District, which shall retain jurisdiction over the Action for the limited purposes of enforcement of the terms of this Consent Decree. The Parties agree not to object to a reasonable expedited hearing schedule on any Dispute Resolution motion if one of the Parties requests one.

56. Burden of Proof: In the event of any disagreement or dispute between Plaintiff and Buellflat over the necessity or appropriateness of implementing any particular BMP or set of BMPs, including in any formal or informal proceeding brought to enforce the terms of this Consent Decree, Buellflat shall bear the burden of demonstrating that its BMPs, collectively, constitute BAT/BCT for the Facility, or that they are in compliance with the terms of this Consent Decree. Plaintiff shall not be required to prove that Buellflat's BMPs do not constitute BAT/BCT.

57. Litigation Costs and Fees: Litigation costs and fees incurred in

conducting meet and confer or otherwise addressing and/or resolving any dispute, including an alleged breach of this Consent Decree, shall be awarded to the prevailing party in accord with the standard established by Section 505 of the Clean Water Act, 33 U.S.C. §1365 and case law interpreting that standard.

## **XII. NOTICES AND SUBMISSIONS**

58. Except as otherwise expressly provided in this Consent Decree, whenever under the terms of this Consent Decree notice is required to be given or a report or other document is required to be forwarded by one Party to another, it shall, to the extent feasible be sent to the following individuals as electronic computer files at the e-mail addresses specified below. If a given document cannot be e-mailed, it shall be mailed by U.S. Mail to the following addresses. Any change in the individuals designated by either Party must be made in writing to the other Parties.

1 **XIII. PAYMENTS**

2 59. All payments to Plaintiff (other than payments of Supplemental  
3 Environmental Project funding pursuant to paragraph 47 and Stipulated Payments  
4 pursuant to Section X) shall be made by check made payable to Environmental  
5 Advocates Attorney Client Trust Account. Payments shall be sent via certified mail,  
6 return receipt requested, to the following address:

7  
8 Christopher A. Sproul  
9 Environmental Advocates  
5135 Anza Street  
San Francisco, California 94121

10 60. All Supplement Environmental Project funding pursuant to paragraph 47  
11 and Stipulated Payments pursuant to Section X shall be made by check payable to  
12 the Rose Foundation for Communities and the Environment. Such payments shall be  
13 sent via certified mail, return receipt requested, to the following address (with notice  
14 to the Plaintiff that such payments have been sent):

15 Tim Little  
16 Rose Foundation for Communities and the Environment  
17 1970 Broadway, Suite 600  
Oakland, California 94612-2218

18 **XIV. MISCELLANEOUS PROVISIONS**

19 61. **Execution in Counterparts:** The Consent Decree may be executed in  
20 one or more counterparts which, taken together, shall be deemed to constitute one  
21 and the same document.

22 62. **Severability:** In the event that any of the provisions of this Consent  
23 Decree is held by a court to be unenforceable, the validity of the enforceable  
24 provisions shall not be adversely affected.

25 63. **Construction:** The language in all parts of this Consent Decree, unless  
26 otherwise stated, shall be construed according to its plain and ordinary meaning.

27 64. **Integrated Consent Decree:** All agreements, covenants, representations  
28 and warranties, express or implied, oral or written, of the Parties concerning the

1 subject matter of this Consent Decree are contained herein.

2 65. **Facsimile Signatures**: Signatures of the Parties transmitted by facsimile  
3 shall be deemed binding.

4 66. **Force Majeure**: No Party shall be considered to be in default in the  
5 performance of any of its obligations when a failure to perform is due to a "Force  
6 Majeure." A Force Majeure event is any act of God, war, fire, earthquake, flood,  
7 natural catastrophe, and restraint by court order or public authority, or any other  
8 cause beyond the reasonable control of a party. A Force Majeure event does not  
9 include normal inclement weather, such as anything less than or equal to a 100  
10 year/24 hour storm event or inability to pay. Any Party seeking to rely upon this  
11 paragraph shall have the burden of establishing that it could not reasonably have  
12 been expected to avoid, and which by exercise of due diligence has been unable to  
13 overcome, the Force Majeure. The Parties shall exercise due diligence to resolve and  
14 remove any Force Majeure event.

15 67. The parties hereto enter into this Consent Decree, Order and Final  
16 Judgment and submit it to the Court for its approval and entry as a final judgment.

17 **XV. EFFECTIVE AND TERMINATION DATES**

18 68. Within three (3) days of the final signature of the Parties, Plaintiff shall  
19 submit this executed Consent Decree to EPA and DOJ for a 45-day review and  
20 comment period pursuant to CWA section 505(c)(3) and 40 C.F.R. § 135.5. The  
21 Court shall not enter its judgment on consent until the expiration of this review and  
22 comment period. If EPA or DOJ requests or suggests revisions to this Consent  
23 Decree or objects to entry of this Consent Decree in the form presented, the Parties  
24 shall within ten (10) days meet and confer on whether to revise this Consent Decree  
25 in accord with the requested or suggested revisions provided by EPA or DOJ and/or  
26 otherwise to accommodate EPA or DOJ's objections. If the Parties do not mutually  
27 agree to any such revisions or modifications, the Parties shall so notify the Court and  
28 request entry of the Consent Decree in the form drafted. If the Court declines entry

1 of this Consent Decree in the form presented, the Parties will attempt in good faith to  
2 agree to revisions of this Consent Decree necessary so that it is acceptable to the  
3 Court.

4 69. The Effective Date of this Consent Decree shall be the first of the  
5 following to occur: i) last day for EPA and DOJ to comment on the Consent Decree,  
6 i.e., the 45th day following these agencies' receipt of the Consent Decree, ii) the date  
7 on which these agencies provide notice that they require no further review, or iii) the  
8 Court's entry of this Consent Decree.

9 70. Subject to earlier termination as provided in paragraph 70 below, this  
10 Consent Decree shall terminate three (3) years from the Effective Date, provided that  
11 Buellflat has made all monetary payments owed under the Consent Decree and there  
12 is no pending Dispute Resolution proceeding pursuant to the provisions of Part XI  
13 (DISPUTE RESOLUTION). If Buellflat has not made all monetary payments owed  
14 under the Consent Decree or if there is a pending Dispute Resolution proceeding, the  
15 Consent Decree shall be extended until Buellflat has made all monetary payments  
16 owed under the Consent Decree and all pending Dispute Resolution proceedings  
17 have been resolved.

18 71. Alternatively, after July 31, 2016, this Consent Decree shall terminate if  
19 and when all the following conditions are met:

- 20 a. Buellflat has made all monetary payments owed under the Consent  
21 Decree;
- 22 b. There is no pending Dispute Resolution proceeding; **and**
- 23 c. There have been no discharges from the Facility to the Santa Ynez  
24 River during four consecutive storm events occurring after  
25 November 1, 2015.

26 72. Buellflat shall initiate termination by submitting certification to Plaintiff  
27 that it has satisfied the conditions of termination set forth in this Paragraph XV. The  
28 Consent Decree shall automatically terminate thirty (30) days from the Plaintiff's

1 receipt of this notice, unless Plaintiff provides written notice to Buellflat within  
2 these thirty (30) days that Plaintiff objects to the certification. If Plaintiff disagrees  
3 with Buellflat's certification, then the matter shall be subject to the Dispute  
4 Resolution provisions of Part XI (DISPUTE RESOLUTION).

5  
6 IN WITNESS WHEREOF, the undersigned have executed this Consent Decree as of  
7 the date first set forth above.

8  
9 **IT IS SO ORDERED:**

**Table 1. Tier One and Two Levels<sup>1</sup> for Facility Discharges**

<b>Contaminant</b>	<b>Tier One Limit</b>	<b>Tier Two Limit</b>
	<i>Applicable Basin Plan value (salt or freshwater dependent)</i>	
Oil and grease	--	15 mg/L
Total Suspended Solids	--	100 mg/L
Chemical Oxygen Demand	--	120 mg/L
Total Recoverable Copper	4.8 ug/L (CTR)	63.6 ug/L
Total Recoverable Lead	10 ug/L (BP)	81.6 ug/L
Total Recoverable Zinc	20 ug/L(BP)	117 ug/L
Total Recoverable Iron	--	1000 ug/L
Total Recoverable Mercury	0.1 ug/L (BP)	2.4 ug/L
Total Recoverable Nickel	2 ug/L (BP)	1417 ug/L
Nitrate and Nitrite Nitrogen		680 ug/L
pH	--	6-9 units

<sup>1</sup> Several of the Numeric Limits are hardness dependent. The hardness dependent limits are in bold. The 2008 EPA Benchmark based limits expressed assume hardness of 101 mg/l CaCO<sub>3</sub>. Defendants shall adjust the limit using the methods provided in Appendix J of the 2008 EPA Multi-Sector General Permit and/or the California Toxics Rule as applicable.
